

IOWA

Mechanical Engineering

- Qualifying Mechanical Engineering undergraduate students can complete a Master of Science degree in two to three semesters after completion of the Bachelor of Science degree.
- Up to 12 credits can be double-counted toward the BS and MS degrees.
- Interested students should discuss the combined U2G Degree Program with their advisor by their 3rd year.
- Applications should be submitted during the second semester of a student's 3rd year, before the start of their 4th year.
- Accepted students must have a minimum UI cumulative GPA of 3.25, and maintain this throughout the program.
- Students may contact any faculty member in the ME department to inquire about participation in the U2G program, research opportunities, and financial support.
