General Charge

The Curriculum Committee shall be responsible for reviewing and evaluating all existing and any proposed curricula within the college, for reviewing and evaluating all existing and any proposed courses taught within the college or required in any of its curricula, and for making appropriate recommendations to the dean and the faculty.

Specific Charges

1. Review Course Activity Reports (CAR) for the College of Engineering core curriculum courses (59: xxx & non-college courses) in coordination with the core course coordinators. Include an analysis of the format and the level of detail that should be required in the CARs. If specific problems need addressing, either with the overall process or with individual courses, report these to the EFC.

2. Continue to monitor course quality for the math, physics and chemistry courses in the College of Engineering Curriculum.

3. Learn about the changes in the University Honors Program, how these changes affect the College of Engineering Honors Program, and work with the Dean’s office to increase awareness of these opportunities to Engineering students and faculty.
