General Charge
The Teaching Committee shall be responsible for all matters relating to evaluation and improvement of the quality of instruction in the college, and for making appropriate recommendations to the dean and the faculty.

Specific Charges
1. Consider means to assess adequacy of TA support for all College of Engineering courses, especially 59-labeled courses, and propose means to meet the College’s requirements.
2. Review nominations from the College of Engineering faculty, and make recommendations to the administrations for both College and Provost teaching awards.
3. Consider possibility of spill-over1 classrooms to handle large class sizes. Work with the ITC to study the feasibility of such classroom use, and the possibility of implementing such use.
4. Monitor the progress of the College’s system to check for satisfactory completion of pre-requisites for each course in a timely manner.
5. Recommend specific charges for the 2014-2015 College of Engineering Teaching Committee

---

1 Spill-over classrooms are classrooms that are electronically connected such students in more than one classroom can simultaneously interact with only one instructor; one instructor effectively teaches simultaneously in more than one classroom.
