Each student is required to submit an evaluation report for every experiment, including Exp. 0. Rank each group member on a scale of 0 to 10 for each of the items listed below, 10 being the highest score for each item.

1. Did the member contribute to the development of experimental objectives and procedures?
2. Was the member available for group discussions about the experiments?
3. Did the member seek out more effective and accurate means to perform the experiments?
4. Did the member participate in data acquisition and reduction?
5. Evaluate the member's overall capability to undertake experimental studies.
