Engineering Faculty Council 2017-2018
Meeting No. 4, Oct 2, 2017
Approved Minutes

Present (EFC): Profs. Bhatti, Kruger, Rahman, Stanier
Not present: Lendasse

Present (Dean’s office and/or other visitors)
• Jon Kuhl

1. Professor Bhatti called the meeting to order at 3:36 p.m.

2. We approved the minutes from meeting 2 (Sept 11) with the deletion of the phrase “there is no rule …” governing whether FPOA interviews have to be individual or group. Jon Kuhl obtained the policy from Jill McNamara and it explicitly requires individual interviews.

3. We discussed the activities of each EFC committee

4. We discussed the membership of the FPOA committee for Ching Long Lin, MIE DEO. We did not finalize the committee membership.

5. We discussed the role of EFC in promoting discussion of a core course revision, and Jon Kuhl updated EFC on the Lunch n’ Learn series on this topic. We decided to request input from each program on what topics would be integral to the core from their perspective, and what they would like to contribute to the core. Stanier volunteered to draft a questionnaire for the programs.

We adjourned at 4:30
