EMCO, a leading manufacturer and distributor of all seasons/storm doors and accessories, was acquired by Andersen Corporation in 2001. EMCO was founded in 1932 and began to focus on storm doors in 1977, when it introduced the patented Store-In Door Window and Screen, which gave consumers the choice of leaving the screen in the door frame or sliding it out of the way, making room for a pane of glass. It also introduced the Forever® line in the same year. EMCO employees work at three facilities in Des Moines, Iowa, and one in Luray, Virginia. EMCO manufactures a variety of styles of high quality, easy-to-install storm doors and accessories, including the Andersen®, EMCO® and Forever® lines. The Home Depot recently formed a strategic alliance with EMCO to be the lead supplier of its storm doors.

International Paper, Cedar River Mill
4600 C Street SW // Cedar Rapids, IA  52404
www.ipaper.com

International Paper, Cedar River Mill (CRM), is located in Cedar Rapids, Iowa.  Staffing at this site is 215.  We are a team-based, high performance work system environment at this site.

CRM produces over 3000 tons per day of 100% recycled linerboard at this site.  All of the raw material for CRM's paper comes from recovered paper in the form of OCC (old corrugated containers) and mixed waste. The combined mill furnish consists of 95% OCC and 5% mixed waste. The fiber primarily comes to Cedar River from a 300-mile radius of Cedar Rapids. Approximately 20% is from the state of Iowa. The company recycles over 1,100,000 tons of paper annually. It is the largest recycled paper mill in North & South America and one of the largest in the world. This is a team-based, high performance work environment. Our focus on safety, alignment across the organization, behavior based guiding principles, and expectations of leadership in all teams have come together to make us to be what we believe is the lowest cost mill in the industry making the preferred product for our customers.

 Majors: Chemical, Mechanical

Whirlpool Corporation - Amana Division  
2800 220th Trail // Amana, IA 52204  
www.whirlpool.com

Whirlpool Corporation Amana Division offers a challenging co-op career path into the vast world of manufacturing through our Engineering Co-Op Program. As the leading manufacturer of home appliances, Whirlpool is searching for highly-motivated individuals who thrive in a fast-paced environment, are willing to learn, want to have a direct impact on Whirlpool’s core business and manufacturing process.

Whirlpool Amana Engineering Co-op Program exposes you to the various processes that make Whirlpool the world’s #1 manufacturer in its industry. This 6 month work program allows you to gain experience across different functions within our manufacturing plant in Amana and give you the real-world opportunity to apply the concepts you have learned in an academic setting.

Here's an excellent opportunity to gain a wide range of experience quickly and early in your career, develop relationships across the company and explore what most interests you.

Amana Refrigeration Products part of Whirlpool Corporation, is located in a picturesque valley of the Iowa River in Amana, Iowa. The Amana facility manufactures and designs bottom freezer refrigerators. The Amana facility was founded in 1934 by a young entrepreneur named George Foerstner, and throughout the coming years, would become a recognized leader in the appliance industry. Today, the two million square foot Amana plant employs over 2,000 employees. Whirlpool/Amana is known around the world for its high quality appliances, and this well earned reputation is a direct result of the pride our people put into their work.

At Whirlpool/Amana, you will have the opportunity to work with experienced engineering professionals on projects that impact the bottom line.
