The University of Iowa, College of Engineering: Engineering Alumni - Current and Future
http://www.engineering.uiowa.edu/alumni-friends/
Engineering Alumni, Stay Connected! There are more than 13,000 College of Engineering alumni around the world. So many of our graduates have played a key role in shaping the College what it is today. As a current or future alum, please stop by our booth to learn the benefits of staying connected to the college.

AIAA (All Majors)
www.engineering.uiowa.edu/~ui_aiaa/info.html
We look to complete multiple projects this year including making a jet engine, a Rocket that will fly above 5,000 feet and possibly a remote control airplane.

Engineers for a Sustainable World-ESW (All Majors)
http://www.uiesw.org
ESW mobilizes students and professionals through education, technical projects, and collaborative action to impact local and global sustainability challenges.

IEEE (BME, ECE, IE, ME, CS)
http://www.engineering.uiowa.edu/~ieee
IEEE is the world's largest professional association dedicated to advancing technological innovation and excellence for the benefit of humanity. IEEE and its members inspire a global community through IEEE's highly cited publications, conferences, technology standards, and professional and educational activities.

Institute of Industrial Engineers (IE)
www.engineering.uiowa.edu/~iie
IIE is the world’s largest professional membership society, consisting of over 50,000 members worldwide, dedicated to the support of the industrial engineering profession and individuals involved with improving quality and productivity. The purpose of IIE is to provide leadership in developing industrial engineering; in representing the industrial engineering profession; and in enhancing the capabilities of those who are involved in the application, education, training, research or development of industrial engineering.

Sales Engineering Club (All Majors)
http://www.engineering.uiowa.edu/~sales-club/
The University of Iowa Sales Engineering Club is an organization that sponsors speakers and activities for engineering students interested in professional sales careers.

Society of Hispanic Professional Engineers-SHPE (All Majors)
http://www.engineering.uiowa.edu/~shpe/index.html

Society of Women Engineers-SWE (All Majors)
http://societyofwomenengineers.swe.org/
SWE is an educational and service organization that empowers women to excel as engineers and leaders.

Theta Tau Professional Engineering Fraternity (All Majors)
http://css.engineering.uiowa.edu/~omicron/
Theta Tau is the nation's oldest, largest and foremost professional organization for engineers. We recruit from all majors, and you do not need to be a freshman to join. Please stop by our booth to meet our current members and to learn more about what we offer!

Women in Science and Engineering-WISE (All Majors)
http://www.uiowa.edu/~wise/
University organization dedicated to expanding and improving educational and professional opportunities for women in all fields of science, technology, engineering and math (STEM) by facilitating individual, institutional, and social change.

2nd Story Software – The Makers of TaxACT
1425 60th St. NE, Suite 300 // Maplewood, MN 52402
www.taxact.com

2nd Story Software, Inc, is a privately held company founded in 1998 and critically acclaimed leader in tax preparation software and Web-based services. Our product, TaxACT, is the pioneer of free income tax preparation software and has emerged as the #2 destination for online tax preparation. For more information about 2nd Story Software and TaxACT, visit www.TaxACT.com.

Majors: Computer Science
Position Type: Full-time X Internships Co-op

3M
3M Center, 235-3F-08 // Maplewood, MN 55144
www.3M.com

A recognized leader in research and development, 3M produces thousands of innovative products for dozens of diverse markets. 3M’s core strength is applying its more than 40 distinct technology platforms “often in combination “ to a wide array of customer needs. With $25 billion in sales, 3M employs 75,000 people worldwide and has operations in more than 60 countries. For more information, visit www.3M.com.

Majors: Biomedical, Chemical, Electrical and Computer, Industrial, Mechanical, Computer Science
Position Type: Full-time X Internships X Co-op

Accenture
180 N. Lasalle, 5th Fl. // Chicago, IL 60108
www.accenture.com

Accenture is a global management consulting, technology services and outsourcing company, with more than 215,000 people serving clients in more than 120 countries. Combining unparalleled experience, comprehensive capabilities across all industries and business functions, and extensive research on the world’s most successful companies, Accenture collaborates with clients to help them become high-performance businesses and governments.

Majors: Biomedical, Chemical, Electrical & Computer, Industrial, Mechanical, Computer Science
Position Type: Full-time X Internships Co-op

Acciona Windpower
601 Fawcett Drive // West Branch, IA 52358
www.acciona-na.com/

At ACCIONA Windpower, we believe that we have something unique. That something is perspective. When we set out to engineer a wind turbine capable of maximum performance, it was easy to approach the design from our customers’ perspective because we were the customer. Our wind turbine technology is grounded in more than 15 years of operational observations made within our own wind farms in varied terrains and climates across the globe. Our turbine design answers the challenges facing project developers and owners today in the areas of performance, reliability, safety and cost-of-energy. We understand the needs of wind farm developers and owners because we’ve been there.

Majors: Civil & Environmental, Electrical & Computer, Mechanical
Position Type: Full-time X Internships Co-op
Alcoa
4879 State Street // Bettendorf, IA  52722
www.alcoa.com

Alcoa is the world’s leading producer of primary aluminum, fabricated aluminum & alumina. We are active in all major segments of the industry including mining, refining, smelting, fabrication & recycling. Alcoa's aluminum products and components are used worldwide in aircraft, automobiles, beverage cans, buildings, chemicals, sports and recreation. Alcoa employs approximately 59,000 people in 200+ locations in 31 countries across the world.

In 2010, Alcoa announced an internal goal to reach a 90% global recycling rate by 2030, and have outlined a number of possible approaches to help increase the recycling rate. Sustainability is an integral part of Alcoa’s operating practices and the product design and engineering it provides to customers. Alcoa has been a member of the Dow Jones Sustainability Index for nine consecutive years.

**Majors:** Electrical & Computer, Mechanical

**Position Type:** Full-time X   Internships X   Co-op

Andersen Corporation & EMCO
100 4th Avenue North // Bayport, MN 55003
www.andersenwindows.com

Andersen Corporation is the largest and most recognized window brand in the world and is known internationally for its high standards for quality. The Andersen story is about innovation, leadership, service excellence, environmental responsibility and philanthropy, but it all began by creating a solution to improve window assembly in 1903.

Our commitment to product excellence, customer satisfaction, environmental stewardship, employee welfare and corporate citizenship, has built Andersen into the foremost manufacturer of windows and doors. The Andersen enterprise is privately held and employs more than 9,000 people. Internship opportunities are available in in the following locations: Des Moines, Iowa Dubuque, Iowa Bayport, Minnesota Menomonie, Wisconsin.

**Majors:** Chemical, Industrial, Mechanical

**Position Type:** Full-time   Internships X   Co-op

Barr Engineering Company
4700 West 77th Street // Minneapolis, MN  55435
www.barr.com

Barr provides engineering and environmental services to clients across the nation and around the world. Today, our nearly 600 engineers, scientists, and technical support staff in Minnesota, Michigan, Missouri, North Dakota and Alberta, Canada work with clients in the mining, power, refining, manufacturing industries, as well as at all levels of the government. Our projects include assessment and remediation of contaminated sites, engineering and design of structures and processes, environmental management and compliance assistance, and water resources management and planning.

**Majors:** Chemical, Civil and Environmental, Electrical & Computer, Mechanical

**Position Type:** Full-time X   Internships X   Co-op
Braun Intertec Corporation
5915 4th St. SW, Suite 100 // Cedar Rapids, IA  52404
http://www.braunintertec.com/

With more than 500 employees and 15 offices, we've become a trusted partner in providing quality geotechnical engineering, environmental consulting, building envelope consulting, and materials and analytical testing services. Each day our 100% employee-owned company strives to become a Consultant of Choice. We accomplish this by providing reliable, cost-effective and innovative solutions. Trusted technical excellence, service-driven quality.

Majors: Civil and Environmental
Position Type: Full-time  Internships  Co-op

Cargill
9320 Excelsior Boulevard // Hopkins, MN  55343
www.cargill.com

Cargill is an international producer and marketer of food, agricultural, financial and industrial products and services. Founded in 1865, the privately held company employs 131,000 people in 66 countries. Cargill helps customers succeed through collaboration and innovation, and is committed to applying its global knowledge and experience to help meet economic, environmental and social challenges wherever it does business. For more information, visit www.cargill.com.

Majors: Chemical, Electrical and Computer, Mechanical
Position Type: Full-time  Internships  Co-op

Centro Inc.
950 North Bend Drive // North Liberty, IA  52317
www.centroinc.com

Centro, Inc. is a manufacturer of custom rotationally molded plastic parts. Established in 1970, Centro, Inc. has grown to become the largest custom rotational molder in North America. Through innovation and superior customer service, Centro has stayed at the leading edge of the rotational molding industry. Centro's Quality Management System is registered to ISO 9001:2008. Centro's engineering services are unsurpassed in providing the most advanced skills and technology in the industry. Our parts are designed and manufactured per original equipment manufacturer specifications or by Centro's Design Services.

Majors: Mechanical
Position Type: Full-time  Internships  Co-op

Cerner Corporation
2800 Rockcreek Parkway // Kansas City, MO  64117
www.cernercareers.com

Cerner is a leading global supplier of healthcare information technology (HIT) solutions, healthcare devices and related services. Everyone from consumers, to single-doctor practices, to hospitals, to corporations, to local, regional and national government agencies use Cerner healthcare solutions and services to remove paper from the healthcare process; thus creating a safer and more efficient healthcare system.

Majors: Biomedical, Chemical, Electrical & Computer, Industrial, Mechanical, Computer Science
Position Type: Full-time  Internships  Co-op
Civco Medical Solutions
102 1st Street South // Kalona, IA  52246
www.civco.com

CIVCO Medical Solutions is a global specialist in designing, manufacturing and distributing of specialized medical products for ultrasound, radiation therapy and minimally invasive surgical equipment and procedures. CIVCO is a division of Roper Industries, a worldwide leader in the high level technology for various markets. CIVCO is being developed as Roper's medical products platform and major investments into our company are creating short and long term career opportunities.

**Majors:** Biomedical, Industrial, Mechanical  
**Position Type:** Full-time X  Internships X  Co-op

Cobham Mission Systems
2734 Hickory Grove Rd. // Davenport, IA 52804
www.cobham.com

Cobham Mission Systems Division, located in Davenport, Iowa, is an Aerospace Defense firm, with $80m in annual sales. A workforce of 385 employees makes oxygen systems (to help pilots breathe at high altitudes) and nitrogen systems (to inert aircraft fuel tanks), miniature cryogenic coolers (to provide night vision capability and to detect heat) and deep water dive rebreathers (to maintain and defuse underwater mines and conduct special operations).

Cobham Mission Systems Division is a U.S. business owned by Cobham plc – a British corporation headquartered in Wimborne, England. Cobham is an international firm that develops, delivers and supports advanced aerospace and defense systems. Cobham business units manufacture components, subsystems and services that keep people safe, improve communications and enhance the performance of aerospace and defense platforms – in the air, on the ground, in space and at sea.

**Majors:** Biomedical, Electrical & Computer, Mechanical  
**Position Type:** Full-time X  Internships X  Co-op X

Conductix-Wampfler
10102 F St. // Omaha, NE 68127
www.conductix.com

Conductix-Wampfler USA is headquartered in Omaha, NE. In addition to the corporate and sales offices, Omaha has a manufacturing facility of about 50,000 square feet manufacturing large spring reels, motorized reels, slip rings and large festoon systems. Our second, and larger plant is located in Harlan, IA. With about 110,000 sq. ft. of manufacturing space, Harlan builds all conductor bar, C-track festoons, small spring reels, and assembles push button pendants and radio remote controls.

**Majors:** Industrial, Mechanical  
**Position Type:** Full-time X  Internships X  Co-op X
Cook Medical
750 Daniels Way //Bloomington, IN 47402
www.cookmedical.com

Since 1963, Cook Group companies have been among the leaders in developing healthcare devices that have improved lives around the world. Cook remains at the forefront of medical research and worldwide sales of products for endovascular therapy, critical care medicine, general surgery, diagnostic and interventional procedures, bioengineered tissue replacement and regeneration, gastroenterology and endoscopy procedures, urology, and obstetrics and gynecology.

**Majors:** Biomedical, Mechanical
**Position Type:** Full-time X  Internships X  Co-op

---

Dell Inc.
8200 N Allen Road // Peoria, IL 61615
www.dell.com

Dell Services is a newly formed business unit within the Dell Corporation comprised of over 41,000 employees globally, bringing together a broad array of services and capabilities. The Engineering Division of Dell Services provides a variety of Engineering Competencies to a diverse industry base. Some of the industries served are Heavy Equipment, Ag, Consumer products, Defense, Aerospace, and others. Competencies include mechanical and electrical engineering, embedded software development, manufacturing engineering, engine application support (air systems, aftertreatment, vehicle integration, testing support, etc), composites materials.

**Position Type:** Full-time X  Internships X  Co-op

---

Eaton Corporation
1111 Superior Ave. // Cleveland, OH 44114
www.eaton.com/careers

Eaton is a diversified, Fortune 200, power management company that has been doing business for 100 years. As a global technology leader, Eaton helps customers manage power, so buildings, airplanes, trucks, cars, machinery and entire businesses can do more while consuming less energy. Our employees are unified in our commitment to powering business worldwide.

At Eaton, we’re committed to “Doing Business Right” and that’s not just a slogan. It’s an unwavering commitment to the highest ethical practices and standards of behavior. It’s how we conduct ourselves in interactions with each other, our customers and our business partners. It’s how we support our communities, respect the environment, and it’s a reflection of our long-standing core values and beliefs about people.

**Majors:** Electrical & Computer, Industrial, Mechanical
**Position Type:** Full-time X  Internships X  Co-op
Eisenmann Corporation
150 East Dartmoor Dr. // Crystal Lake, IL 60014
www.eisenmann.com

EISENMANN is a leading international system supplier of general finishing technology, conveyor systems, as well as process and environmental technology. We are proud of our more than 60 years of global experience in plant construction, and as an international system supplier of process, thermo-process, and environmental and renewable energy technologies. EISENMANN Corporation, the U.S. subsidiary of EISENMANN AG, has been present in the US since 1977 with close to 1000 industrial systems.

**Majors:** Chemical, Civil & Environmental, Mechanical
**Position Type:** Full-time X Internships Co-op

Emerson Process Management, Fisher Controls
205 S. Center St. // Marshalltown, IA 50158
www.emersonprocess.com/Fisher

The Fisher division of Emerson Process Management is the largest control valve manufacturer in the world. Industry standard products as well as an emphasis on product research and testing enables the development of new Fisher control valves to solve production, processing, and distribution needs for the following major industries: chemical, oil and gas, refining, pulp and paper, power, water and wastewater treatment, mining and metals, food and beverage, and pharmaceutical.

**Majors:** Chemical, Electrical & Computer, Industrial, Mechanical
**Position Type:** Full-time X Internships X Co-op X

Emerson Process Management, Process Sys & Solutions
12301 Research Blvd, Bldg 111 // Austin, TX 78759
www.emersonprocess.com

Emerson Process Management is a leader in helping businesses automate their production, processing and distribution in the life sciences, food and beverage, chemical, oil and gas, refining, pulp and paper, water, power and other industries. The Process Systems and Solutions business makes automation, safety, and operations management systems – built on the proven PlantWeb digital plant architecture – to help plants run more safely, reliably and efficiently. Emerson Process Management is one of seven business platforms of Emerson Electric (NYSE: EMR), comprising of roughly 29% of Emerson's $21 billion in total sales. The best companies in the world turn to us to bring innovative solutions to their process automation needs. Enjoy the stability of being part of a well-managed Fortune 500 company — and the excitement of applying new technologies to a variety of industries.

**Majors:** Chemical, Electrical & Computer, Computer Science
**Position Type:** Full-time X Internships X Co-op
EN Engineering
2110 Delaware Street // Lawrence, KS 66046
www.enengineering.com

EN Engineering is an engineering consulting firm with deep roots & unmatched experience. We became EN Engineering in January 2002 through a combination of the Energy division of Epstein, an architecture & engineering firm and the Engineering & Technology groups of Nicor Gas. Acquisition of Wheatland Systems, based in Lawrence, KS, took place in May 2010. We specialize in automation & control system design for major gas & pipeline companies.

IDx, LLC
1210 Hwy 6 W. #200 // Iowa City, IA 52244
www.eyedagnosis.net

IDx is a spinoff of the University of Iowa focused on the commercialization of diagnostic technologies initially developed by its founding faculty members. We are developing retinal imaging solutions to detect diabetic retinopathy, cardiovascular disease and systemic infections. Our products will result in better outcomes through early diagnosis, lifestyle changes and treatment. Our products are designed to improve physician workflow and accuracy to reduce health care costs and make screening available to all.

IDx is a medical instrument and software company that provides computerized automated detection of diabetic retinopathy, risks of cardiovascular disease, and infections. We have seven patented algorithms that read digital photos of the retina within seconds. These algorithms have been found to be as good as or better than retinal experts. The results have been published widely in peer-reviewed top Ophthalmology journals.

International Paper, Cedar River Mill
4600 C Street SW // Cedar Rapids, IA  52404
www.internationalpaper.com

International Paper, Cedar River Mill (CRM), is located in Cedar Rapids, Iowa. CRM produces over 3000 tons per day of 105 recycle linerboard. All of the raw material for CRM's paper comes from recovered paper in the form of OCC (old corrugated containers). The fiber primarily comes to CRM from a 300-mile radius of Cedar Rapids. Approximately 20% is from the state of Iowa. This site recycles over 1,000,000 tons of paper annually.

CRM is made up of teams of people who manage the organization based on guiding principles and strategies. The team-based work system in place at the mill is key to maintaining its strong competitive position in the industry.
