The College of Engineering Tutorial Center offers test reviews for many of the courses engineering students take in their first three semesters in the Engineering curriculum. Below are the scheduled Engineering Tutorial Center Reviews for spring 2017. Check-in for reviews begins at 6:15pm at the location of the review. Please be sure to sign-in for each review you attend. Everyone is welcome and encouraged to join the review session.

Review materials will be shared with the instructors following the review to share at their discretion. Please plan accordingly to have a peer take notes if you are unable to attend.
