Engineering Faculty Council 2015–2016  
Meeting No.18, February 1, 2016  
Approved Minutes

Present: Profs. Andersen, Dove (chair), and Kruger (secretary)

1. Professor Dove called the meeting to order at 1:30 p.m.

2. The January 25, 2016 meeting minutes were circulated and approved.

3. Professor Dove said that he had met with Dean Scranton who informed him that the CoE is in the process of performing a self-study and that Associate Dean Milan Sonka is leading this effort. The objective is to complete the self-study by the end of the spring 2016 semester. Prof. Dove suggested that the EFC hold off on submitting a SWOT analysis (related to the CoE graduate programs) to the EAC. Rather, he suggested that the EFC invite Dean Sonka to an EFC meeting and discuss how to coordinate and perhaps integrate the EFC SWOT analysis with the CoE self-study.

   After a brief discussion the EFC member present agreed on this plan.

4. The meeting was adjourned at 1:40 p.m.
